BCDHHS Program and Community Resource Guide

Hope for the future,
help when you need it.

About This Resource Guide

At BCDHHS, we are dedicated to a vision of healthy communities that are more self-sufficient, sustainable, and resilient. We're moving toward this vision by working collaboratively with you – our community partners – to efficiently and effectively integrate health, housing, and human services, making it easier to meet our neighbors where they are and help them access the resources they need to get back on their feet.

We know individuals and families do better when they have access to a full range of community supports and when those supports are offered in a holistic way. With that in mind, BCDHHS is working to make sure our workforce has broad knowledge of the resources offered across our department and throughout our community. Our goal is to more quickly and seamlessly connect clients with the services they need to help them become more self-sufficient. We know our partners share that goal and – through our collaborative efforts – we are moving toward a more family driven, prevention oriented, and holistic safety net.

This Resource Guide is designed to bring us even closer to our shared vision for Boulder County. In the following pages, we highlight the range of services BCDHHS provides across our integrated health, housing, and human services continuum. For each service area, you'll find a brief summary of all major programs along with important details – such as who qualifies for a program, how someone can access it, how long the program lasts, and contact information to learn more. In some cases, we have organized the programs according to vulnerability to help our staff and partners decide what might be best for a particular client. Equally important, you'll also find a variety of community resources that can offer additional assistance to individuals and families in Boulder County.

We hope this Resource Guide helps all of us better serve our clients and their families, providing hope for the future and help when our neighbors need it, and building a stronger, more resilient community.

If you have questions or comments about this Resource Guide, please send them to jcwilliams@bouldercounty.org.

FAMILY & CHILDREN SERVICES

As mandatory reporters, we are all required to report any suspicion of child abuse or neglect. Screeners are available 24/7 to take questions or reports. Call 303-441-1309.

WE BELIEVE ALL CHILDREN DESERVE TO GROW UP IN A SAFE, LOVING, AND PERMANENT FAMILY.

A family's first contact with FCS typically comes through Intake Services. Once a report of child abuse or neglect is received, a referral is either immediately assigned or sent to the RED Team for assignment. The referral may be screened out or determined to be Early Intervention Program, Family Assessment Response, or High Risk Assessment. A case may be in intake for up to 60 days. If an intake caseworker determines longer-term services are needed to ensure a safe home environment, an ongoing case is opened. An ongoing case may be voluntary, FAR, or court-ordered (D&N).

An important part of our collaborative approach is our Family Engagement Division, which facilitates family meetings and supports supervised family time, parent coaching, and life skills development. Additionally, our "Family Finding" team searches for parents and other family members of children entering foster care and notifies all adult relatives when a child is entering placement. These individuals may be a placement option or an emotional connection for the child.

Below is the broad range of FCS programs designed to make families stronger and keep children safe. In addition to our FCS programs, we also connect at-risk families to resources offered through other BCDHHS programs – including Housing, Health Coverage, and Financial Assistance – as well as services offered by our community partners.

Parents as Teachers Affiliate

We are also an affiliate of the Parents as Teachers program, which complements our strength-based approach. PAT is a home visiting program that works with families from prenatal through 5 years of age. Educators visit families bimonthly with activities, lessons, and information specific to the needs of each child and parent. PAT focus areas include Development, Literacy, Parenting, and Connections. Educators are bilingual.

All services are free and there are no financial restrictions to enroll. Contact ebrudno@bouldercounty.org or 303-204-3302 for more information.

HOUSING

Housing is one of the most important supports a person or family can have. Stable housing can improve health, success in school, and the strength of our community.

WE BELIEVE EVERYONE HAS THE RIGHT TO LIVE IN A SAFE, AFFORDABLE, AND DECENT HOME.

Access to safe and affordable housing is one of the most important supports we can provide and it is a major foundation on which we're building our wrap-around approach to family stability. Our range of housing supports – from long-term rentals at below-market rates to short-term rental assistance to financial counseling – provides Boulder County families with the appropriate level of support when they need it.

Boulder County residents can find other subsidized or permanently affordable housing options through organizations such as Boulder Housing Partners (the city of Boulder's housing authority) and the Longmont Housing Authority.

Finally, many of our community partners offer emergency/crisis shelter and transitional housing. Like us, they provide additional, wrap-around supports and services to help families and individuals get back on their feet.

FOOD ASSISTANCE

Food assistance can help lift individuals and families out of poverty and improve access to healthy foods, thereby improving their overall health and well-being.

WE BELIEVE EVERYONE HAS THE RIGHT TO FOOD THAT IS NUTRITIOUS AND HEALTHY.

The benefits of a healthy diet are far-reaching, from combating diseases and improving longevity to boosting energy levels and improving your mood. But in Boulder County, just like everywhere else, some people are unable to buy nutritious, healthy food for themselves and their families. Our Food Assistance programs can help – while our programs won't meet all of an individual's or family's food needs, they will move them closer to a healthy diet.

In addition to County-administered programs like Food Assistance (also known as SNAP), Harvest Bucks, and WIC, we can also point our clients toward other resources throughout the community. From food banks/pantries to community meal sites to special meal services at our senior housing sites, we can help make sure Boulder County residents have access to nutritious meals and don't go hungry.

FOOD ASSISTANCE (aka SNAP)

WHAT: Food Assistance – formerly known as Food Stamps – is also known as the Supplemental Nutrition Assistance Program (SNAP); Food Assistance helps individuals and families buy food that is healthy and nutritious, including: breads, cereals, fruits, vegetables, meat, fish, poultry, dairy products and more

WHO: Boulder County residents who: work for low wages; are unemployed or work part-time; receive TANF/Colorado Works benefits; are elderly or disabled and live on a small income; or are homeless

HOW: Apply through Colorado PEAK or in-person at a BCDHHS office

LENGTH: As long as household is qualified; most must recertify every 6 months

LEARN MORE: BCDHHS Main Line 303-441-1000

HARVEST BUCKS PROGRAM

WHAT: The Harvest Bucks Program allows Boulder County residents who receive Food Assistance and/or WIC benefits to access fresh fruits and vegetables (only) at Boulder County Farmers' Markets in Boulder and Longmont; shoppers should visit the official BCFM booth

WHO: Boulder County residents who receive Food Assistance or WIC benefits

HOW: Food Assistance recipients can use EBT cards to purchase eligible foods - for every $1 spent at Farmers' Markets, recipients will receive Harvest Bucks up to $40; WIC participants can ask their WIC educator for coupons for the Farmers' Markets and Harvest Bucks

LENGTH: During Boulder County Farmers' Market Season (April 4 - November 21) www.boulderfarmers.org

LEARN MORE: abruhn@bouldercounty.org

WOMEN, INFANTS, AND CHILDREN (WIC)

WHAT: WIC promotes and maintains the health and well-being of nutritionally at-risk pregnant, breastfeeding, and postpartum women and infants & children by providing: supplemental nutritious foods/vouchers (covers infant formula); nutrition & breastfeeding information; and referrals to health/nutrition services

WHO: Pregnant, breastfeeding (up to 1 year postpartum), or non-breastfeeding (up to 6 months postpartum) women; infants & children up to 5 years; must be income eligible and have a health or nutritional need determined by WIC staff

HOW: Call closest WIC clinic to make appointment for a health/nutrition screening

LENGTH: As long as qualified

$ FINANCIAL ASSISTANCE

With the right help, families and individuals can find their own footing and create their own paths to a stable future.

WE BELIEVE EVERYONE HAS THE RIGHT TO BE INDEPENDENT AND FINANCIALLY SECURE, NOW AND IN THE FUTURE.

Across all BCDHHS programs, our goal is to help create a community that is self-sufficient, sustainable, and resilient. Many of our Financial Assistance programs can help individuals and families become more financially independent and – ultimately – move them toward self-sufficiency.

Whether our clients need permanent help due to a disability, short-term assistance following a job loss, or financial counseling to help reach financial stability, we can help.

HEALTH COVERAGE

From medical emergencies to regular check-ups, having health insurance can help you face challenges and reduce the chance that you and your family members will get sick in the first place.

WE BELIEVE EVERYONE NEEDS HEALTH CARE, AND REGULAR VISITS TO A DOCTOR ARE IMPORTANT.

Affordable health care is a crucial part of our community's well-being. Through our work connecting people with health insurance programs such as Medicaid and CHP+ and with private plans through the state's new health insurance exchange, we're helping to ensure all Boulder County residents have access to quality, affordable health care. Additionally, through programs like Healthy Kids and Adults! and Healthy Communities, we are also working to make sure our clients and their families understand their coverage and can access the care they need, when they need it. This important work is supported by our partner organizations across the county.

C4HCO ASSISTANCE SITES

Established as a result of the federal Affordable Care Act, Connect for Health Colorado (C4HCO) is the state's online health insurance marketplace. Our assistance sites help Boulder County residents shop for and purchase health insurance through private carriers. Many residents are eligible for tax credits to lower the cost of their insurance.

The program is for residents who currently buy insurance on their own, are uninsured, or don't have access to affordable health coverage through an employer. The program is not for those eligible for Medicaid, CHP+ or Medicare, or who have affordable employer-based coverage.

Call 303-441-1000 to talk to a Health Coverage Guide or email healthcoverage@bouldercounty.org.

BOULDER COUNTY IMPACT

Research shows that inter-agency collaboration results in better decision-making, improved ability to provide needed and timely resources, more effective use of resources, more consistent messages from all involved, and fewer competing agency demands on families.

WE BELIEVE IN SHARED RESPONSIBILITY AND DEEPLY INTEGRATED COLLABORATION TO FOSTER THE SUCCESS OF OUR COMMUNITY'S YOUTH.

Boulder County's Integrated Managed Partnership for Adolescent and Child Community Treatment (IMPACT) Partnership brings together 11 agencies whose mission is to create positive, lasting outcomes for at-risk children, youth, and families in Boulder County by combining the resources and strengths of public and non-profit agencies in a seamless, deeply collaborative partnership.

We are committed to:
Pioneering exceptional outcomes through a deeply integrated approach
Continually improving the experience for youth and families
Operating sustainably by coordinating services and funding across agencies

Boulder County IMPACT is supported and led by the IMPACT Care Management Division within the Boulder County Department of Housing and Human Services.

WHO WE ARE

BOULDER COUNTY IMPACT PARTNERS

WHAT: IMPACT is a collaboration between 11 public and non-profit agencies

OUR PARTNERS:

OUR BOARDS: IMPACT is guided by Executive and Operations level Boards with director and administrator representation from each partner agency

BOULDER COUNTY IMPACT CARE MANAGEMENT DIVISION

WHAT: The IMPACT Care Management Division provides support and leadership to the Partnership

OUR WORK: We ensure consistent case coordination, practices and processes, along with quality services for multi-system involved youth and their families; we provide oversight and management of grants, data and evaluation, process and program development, training, contracts and finance to support the entire Partnership

OUR EXPERTISE: Implementation science; program development; program evaluation; grant writing and management; process improvement; assessment and case planning; training and facilitation; contract management; and process integration

HOW WE WORK

SERVICES CONTINUUM PROJECT

WHAT: Provides the framework for all of IMPACT's efforts

PROCESS: Data-driven decision making; valid, upfront assessments for all youth at point of entry; structured case-planning; evidence-based therapeutic and support services; development & implementation of fidelity measures for all services

OUTCOMES: Increase positive outcomes for youth, families and community; Financial sustainability; Support the shifting of resources to front–end, preventative services

COMMUNITY REVIEW TEAMS (CRTs)

WHAT: Weekly inter-agency, facilitated meetings for case planning, review for out of home placement, and/or review for commitment to the Division of Youth Corrections

WHO: Attended by youth, family, treatment team members, & agency representatives

HOW: CRTs begin with the results of a validated assessment which examines risk, need, protective factors, and responsivity considerations; this information is used to match appropriate services and supports for youth and their families

IMPACT OUTCOMES

IMPACT has consistently maintained some of the lowest out of home placement and commitment rates in the state of Colorado while keeping Boulder County youth safe in our community.

IMPACT FUNDING

Annually, IMPACT funds just over $3 million in services and programs.

IMPACT is funded by multiple state and federal grants.
