COVID-19 Vaccination Update

January 13, 2021

Chris Campbell,

BCPH Emergency Manager
Vaccine Lead

BOULDER COUNTY
PUBLIC HEALTH
Opportunity for a healthy life.

Presentation Objectives

- Discuss limited vaccine availability
- Share situational awareness
- Share current planning, implementation, and collaboration efforts

COVID-19 VACCINE DISTRIBUTION

PHASE 1
Winter

1A

Highest-risk health care workers and individuals:

- People who have direct contact with COVID-19 patients for 15 minutes or more over a 24-hour period.
- Long-term care facility staff and residents.

1B

Coloradans age 70+, moderate-risk health care workers, first responders, frontline essential workers, and continuity of state government:

- Health care workers with less direct contact with COVID-19 patients (e.g. home health, hospice, pharmacy, dental, etc.) and EMS.
- Firefighters, police, COVID-19 response personnel, correctional workers, and funeral services.
- People age 70 and older.
- Frontline essential workers in education, food and agriculture, manufacturing, U.S. postal service, public transit and specialized transportation staff, grocery, public health, frontline essential human service workers, and direct care providers for Coloradans experiencing homelessness.
- Essential officials from executive, legislative and judicial branches of state government.
- Essential frontline journalists.

PHASE 2
Spring

2

Higher-risk individuals and other essential workers:

- People age 60-69.
- People age 16-59 with obesity, diabetes, chronic lung disease, significant heart disease, chronic kidney disease, cancer, or are immunocompromised.
- Other essential workers and continuity of local government.
- Adults who received a placebo during a COVID-19 vaccine clinical trial.

PHASE 3
Summer

3

The general public:

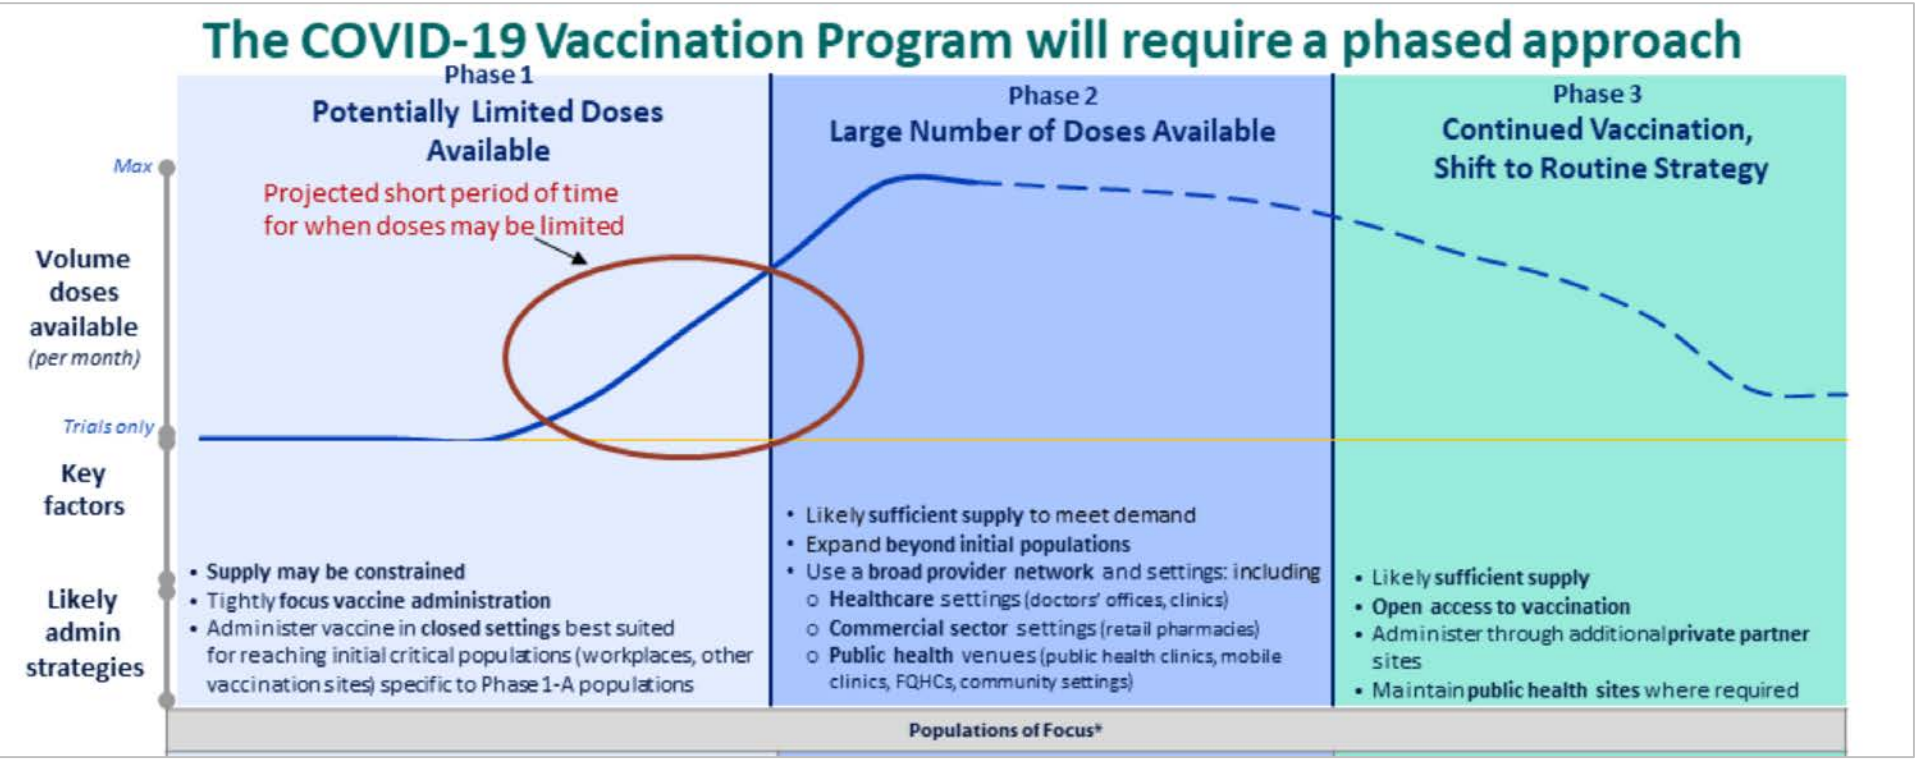
- Anyone age 16-59.

Revised date: 12/30/2020

***Timeline subject to change based on supply chain. Prioritization subject to change based on data, science, availability.**

CDPHE

Vaccine Availability is Limited



Vaccines by the Numbers

Phase 1A	
High risk health care workers	76,000
Long-term care residents & staff	121,000
Total Phase 1A	**187,000**
Phase 1B	
Moderate Risk Health Care Workers and EMS Responders	125,000
All people 70+ (not including 14,000 in skilled nursing centers)	562,000
Frontline essential workers	628,000
Total Phase 1B	**1,315,000**

Statewide	
Vaccine Received to Date (as of 1/7)	282,200 doses
Vaccine Reported Administered to Date (as of 1/10)	217,250 doses

Statewide, we need **1,219,800** more doses for everyone in Phase 1A & 1B to complete 1 dose

Phase 1A/1B Receiving Vaccines

Colorado COVID-19 Vaccination Data

Data as of: 11:59:59 PM 1/11/2021

Data is updated daily by about 4 p.m. and includes data reported through the previous day. All data, for days past and present, is recalculated daily from the Colorado Immunization Information System. Vaccine administration data often has a reporting lag, and counts may not reflect all doses administered on a given day.

COLORADO
Department of Public Health & Environment

Colorado is in **Phase 1A & 1B**	**401** Total Vaccine Providers	**198,086** People Immunized with One Dose	**40,618** People Immunized with Two Doses	**238,766** Cumulative Doses Administered

Vaccine is Allocated Across Providers

- 30 enrolled providers in Boulder County
- CDPHE Vaccine Allocation
  - 50% to hospitals and large health systems
  - 20% to Federally Qualified Health Centers
  - 20% to pharmacies
  - 10% to Local public health agencies

Goal to Increase Access

- State/BCPH adding providers (pharmacies)
- Public Health is match making:
  - 4,600 Phase 1A/1B healthcare workers & first responders
- Public Health staffing up to offer more clinics
- Meeting weekly with all enrolled providers

Planning Underway for Next Phase

- Planning for Phase 1B, below dotted line
- Working to ensure access and reduce barriers
- Planning for large-scale points of dispensing with an equity lens

It’s Up to All of Us

- Cases are increasing and we are watching for New Year’s impacts
  - ✓ Mobility data shows increased movement during holidays
- Estimated 1 in 102 people infectious
  - ✓ ~50% don’t know they have it/asymptomatic
- This is preventable
  - No large social gatherings
  - Don’t mix households
  - Wear masks and wash hands
  - Keep at least 6 feet apart
  - Sign up for Exposure Notification App
- Vaccines are being distributed!
