Question about Governing HHS

Building Healthy Thriving Communities: Opportunities and Next Steps

How can HHS leaders coordinate systems integration, early intervention, and collective impact strategies to facilitate a new framework for sustainable change?
The Safety Net Felt a Little.....

Hope for the future, help when you need it.
And then...the Two Largest Colorado Disasters

**September 2013**
- Over 10,500 homes damaged/destroyed
- $2 billion in damage to infrastructure, homes and property (FEMA)
- 169 homes destroyed
- $217 million in damage to homes and property

**September 2010**

Hope for the future, help when you need it.

Safety Net Collaborative Approach (HSSN)

Invest in families early, before they hit crisis

Strengthen early intervention and prevention

Invest in community-based safety net services

Promote individual and family stabilization

• Expand on our ability to provide food and financial assistance
• Extend our ability to help with housing and rent
• Increase access to health care
• Provide more help for families to access quality child care
• Boost job training and employment supports
• Create and support community-based Family Resource Centers
• Increase access to mental health and substance abuse services

Hope for the future, help when you need it.
In traversing the curve, the enabling business models and competencies of the human services organization mature and improve the organization’s ability to deliver broader and more valuable outcomes.

BHAG
(Big Hairy Audacious Goal)

“Within 10 years, we will transform the health and the well-being of our community by shifting programming and funding upstream into prevention oriented and consumer driven cross-sector solutions that improve outcomes across the lifespan and significantly reduce high-cost institutional interventions within a social determinants of health framework.”
Hope for the future, help when you need it.

Target and At-Risk Populations for Investment

- At-Risk Families with High Utilization of Child Welfare, Homeless and other Systems
- Frequent or High Utilizers of Health or other Crisis Resources
- People Exiting Jail or State Prison with Chronic Health or MH Conditions
- Residents of Health Care Institutions who Prefer to Live in the Community
Building Healthy Thriving Communities

- Constant Feedback Loop
- Continuous Learning Environment
- Common Community Indicators
- Integration of Community Strategic Plans
Human Services Vision

“To create a seamless, community-wide safety net that supports individuals and families to stabilize and thrive.”

Generative Human Services Safety Net:
Pillars & Guiding Principles

- Evidenced Based Practices
- Shared Data
- Data Driven Decision Making
- Leveraging Resources
- Community-wide Planning and Outcomes
- Targeted Service Delivery
- “Any Door” Service Linkage
- Integrated Services
- Standard Assessment

- Housing
- Employment and Income Stability
- Food and Nutrition
- Health and Well-being
- Environmental Health
- Safety
- Education

Building Healthy Thriving Communities: Opportunities and Next Steps

• Develop fiscal and data infrastructure with community
• Reduce cost curve in partner systems
• Develop models for reinvestment
• Support prevention-based activities
• Target resources toward greatest success and cost savings
• Apply disaster/economic crisis scaling lessons
• Develop flexible housing interventions
• Integrate business models to change economic incentives

Hope for the future, help when you need it.
Resiliency = Design and Scale a Safety Trampoline

Hope for the future, help when you need it.
