Intake Stamp

Building Envelope Verification Form

This verification form is to be completed by a Professional Land Surveyor licensed in the State of Colorado.

Please note: If the applicant is having an engineer inspect and approve the footing/foundation, and there is a Setback Survey Requirement on the permit, the engineers' letter will not be accepted until the survey has been received and approved.

Surveyor Verification

I (surveyor named above) am a Professional Land Surveyor licensed in the State of Colorado. I have conducted a field survey on the site named above. The result of this survey showed that the foundation wall forms, deck supports, edge of monolithic slab, foundation forms, and/or panel/array for the PV Solar System are within the building envelope.
