**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

The Board of County Commissioners
Boulder County, Colorado

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Boulder County, Colorado (the County) as of and for the year ended December 31, 2011, which collectively comprise the County's basic financial statements and have issued our report thereon dated July 20, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the County is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of perform their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of County Commissioners, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

The Board of County Commissioners
Boulder County, Colorado

Compliance

We have audited the compliance of Boulder County, Colorado (the County) with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2011. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

The County's basic financial statements include the operations of the Boulder County Housing Authority (the Authority), a blended component unit, which expended \$12,619,653 in federal awards which is not included in the County's schedule of federal awards during the year ended December 31, 2011. Our audit, described below, did not include the operations of the Authority because the Authority had a separate audit performed in accordance with OMB Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations*.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2011. However, the results of our auditing procedures disclosed

an instance of noncompliance with those requirements, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2011-01.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified a deficiency in internal control over compliance that we consider to be a significant deficiency as described in the accompanying schedule of findings and questioned costs as item 2011-01. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended December 31, 2011, and have issued our report thereon dated July 20, 2012. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements

and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the County's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of County Commissioners, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

BOULDER COUNTY, COLORADO
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Year Ended December 31, 2011

General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the primary government of Boulder County, Colorado and the County's component units (the County), excluding the Boulder County Housing Authority, a blended component unit of the County, which expended \$12,619,653 in federal awards during the year ended December 31, 2011. The County's reporting entity is defined in Note 1 to the County's basic financial statements. All federal financial assistance received by the primary government directly from federal agencies, as well as federal financial assistance passed through other government agencies, including the State of Colorado, is included on the schedule. In addition, federal financial assistance awarded directly to eligible County Social Services recipients via Electronic Benefits Transfer (EBT) is also included in the schedule, with the exception of Food Stamps. The State of Colorado issues EBT to the eligible County recipients. Only the federal amount of such pass-through awards and EBT is included on the schedule.

Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting, which is described in Note 1 to the basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. Federal financial assistance provided to sub-recipients is treated as an expenditure when it is paid to the sub-recipient.

Governmental funds account for the County's federal grant activity. Amounts reported in the schedule of expenditures of federal awards are recognized on the modified accrual basis when they become a demand on current available federal resources and eligibility requirements are met, or on the accrual basis at the time liabilities are incurred and all eligibility requirements are met, except in the following programs, which are reported in the schedule of expenditures of federal awards on the cash basis:

Program Title	CFDA

**Procurement, Suspension and Debarment
Significant Deficiency and Noncompliance**

Criteria: Circular A-133 Audits of States, Local Governments, and Non-Profit Organizations, states that an entity must verify that the entity is not suspended or debarred or otherwise excluded. This verification may be accomplished by checking the *Excluded Parties List System (EPLS)* maintained by the General Services Administration (GSA), collecting a certification from the entity, or adding a clause or condition to the covered transaction with that entity.

Condition: There is no evidence of the County's determination regarding suspension and debarment of vendors it contracted with.

Effect: The County cannot support that the vendors it contracts with are not suspended or debarred.

Questioned Costs: None

Context: During our testing of three contracts, we noted no evidence that the contractors were reviewed for suspension and debarment.

Cause: Not maintaining evidence of compliance.

Recommendation: We recommend the County either maintain a screenshot of the EPLS, obtain a certification from the entity, or add a clause to the contracts.

Management Response: The County has consistently verified that vendors under contract with the County for grant programs are not listed in the EPLS, however, evidence of this verification was not maintained until September 2011. The County now maintains screen shots of the verification of vendors.

SUMMARY OF SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
Year Ended December 31, 2011

Finding 2010-01

Significant Deficiency

Summary: The County did not review and reconcile the compensated absences entry to record the year-end liability to the supporting schedules.

Status: Implemented.

Finding 2010-02

CFDA 93.575/ 93.596/ 93.713 Child Care Cluster

**Eligibility
Significant Deficiency**

Summary: The County contracts with a third party who determines eligibility for the child care program. We noted in our sample of 40 case files that in 3 of the cases, the third party calculated eligibility using inaccurate income. As part of its subrecipient monitoring procedures, the County reviews a sample of case files per quarter and verifies that income was calculated correctly to determine eligibility.

Status: Implemented.

Finding 2010-03

CFDA 93.558 TANF

**Eligibility
Significant Deficiency, Noncompliance**

Summary: We noted one instance where there was required immunization information missing from the case file. Immunization records are required to be obtained prior to the first redetermination date. For the exception noted the first redetermination date was in 2010, which is prior to the regulation change of immunizations no longer being required.

Status: Immunization records are no longer a requirement under the program.

Special Tests and Provisions
Significant Deficiency

Summary: During the months of January 2010 through September 2010 case file reviews were not conducted. Beginning October 2010, two case files per month were reviewed by Child Support Enforcement managers. As such for 10 out of the 12 months in 2010 no case file reviews were performed.

Status: Implemented.

Finding 2010 - 05

CFDA 81.128 EECBG

Procurement, Suspension and Debarment
Significant Deficiency and Noncompliance

Summary: During our testing of general disbursements we tested six contracts. Of the six we noted no evidence that the contractors were reviewed for suspension and debarment. County personnel noted the EPLS was reviewed for all vendors; however, the screenshots were not retained.

Status: Implemented.
