## Referral Agencies

The planner at your pre-application conference will go through this list and identify which entities will be sent a referral request. If the line in front of the entity is marked "**Email**," then that entity will be sent an email referral request and a hard copy packet is not required to be submitted; otherwise a hard copy referral packet for that agency is required to be submitted to the Land Use Department as part of the application. See the publication titled **Referral Packet Guidelines** for directions on creating referral packets.
