Re: Notice of Pending Survey
Description of Land Affected; T2N69W Sections:

1:22-V Near Bailey-Kenosha Ponds and Bill's Reservoir
3:13-X Between HW 287, Mineral and 95th Street
10:13-R West of HW 287, South of Alexander Dawson School
11:19-R Just East of Boulder Creek, Boulder Creek Dev Access,
North of Jasper Road, West of N 119th Street
27: 17-G Center of open space between 107th St & N 115th St
36:23-C East of Panama Reservoir, West of E County Line Road

To Whom it May Concern,

Ascent Geomatics Solutions (hereinafter Ascent) has been engaged by Crestone Peak Resources Operating LLC to investigate and utilize boundary evidence to perform a boundary survey. To complete this survey, it will be necessary to enter upon your land (described above).

Colorado Revised Statute 18-4-515 (the statute is reprinted in full on the reverse side of this Notice) requires that we give at least 14 day notice to you prior to entry upon your land. The statute also allows you to waive this notice requirement and grant access for the survey.

By signing below, you agree to waive the notice requirement of 18-4-515 C.R.S. and allow Ascent the right to enter upon your land to investigate and utilize boundary evidence to perform a boundary survey, except for the following conditions (if any):

If a condition exists on the land or if an activity is being conducted on the land which could create a risk of injury or damage to you, your property, the surveyors or any other person or property, please provide us with prompt written notice before our scheduled entry so that preventive or curative measures can be taken.

In the event that Ascent has not received acknowledgement of receipt, the information below will serve as notice of the anticipated survey details:

A survey field crew consisting of possible members Aaron Rivera, Brian Hopkinson, Charlie Scott, Chris Guffey, Dominick Davis, Ian Carabajal, Jon Anderson, Matt Rhine, Mike Hernandez, Nick Fortman, Ross Todd and/or Ryan Desmond, under the responsible charge of Brian Ritz, PLS, will be surveying the above described land from October 31st through November 14th 2017, between the hours of 8:00 a.m. and 6:00 P.M. Monday thru Saturday. It is estimated that 3-4 entries will be needed to access the above described land. The estimated completion date of the survey November 14th 2017.

We are what we repeatedly do. Excellence, then, is not an act, but a habit.

18-4-515. Entry to survey property - exception to criminal trespass.

(1) Effective July 1, 1992, no person shall be in violation of the trespass laws of this part 5 if the requirements of this section are met. The provisions of this section provide an exception to the trespass laws only and do not affect or supersede the provisions and requirements of articles 1 to 7 of title 38, C.R.S., concerning condemnation proceedings, notwithstanding any laws to the contrary.

(2) Any person who is licensed as a professional land surveyor pursuant to section 12-25-214, C.R.S., or who is under the direct supervision of such a person as an employee, agent, or representative, may enter public or private land to investigate and utilize boundary evidence and to perform boundary surveys if the notice requirement in this subsection (2) is met. The notice of the pending survey shall contain the identity of the party for whom the survey is being performed and the purpose for which the survey will be performed, the employer of the surveyor, the identity of the surveyor, the dates the land will be entered, the time, location, and timetable for such entry, the estimated completion date, the estimated number of entries that will be required, and a statement requesting the landowner to provide the surveyor with the name of each person who occupies the land as a tenant or lessee, whether on a permanent or a temporary basis. Nothing in this subsection (2) shall be deemed to confer liability upon a landowner who fails or refuses to provide such requested statement. At least fourteen days before the desired date of entry the professional land surveyor shall cause such notice to be given to the landowner by certified mail, return receipt requested, and by regular mail. Any landowner may waive the requirement that notice be given by certified mail, return receipt requested, and by regular mail. The waivers described in this subsection (2) may be given orally or in writing.

(3) If a landowner does not acknowledge receipt of the notice within fourteen days of such receipt, the professional land surveyor or other persons described in subsection (2) of this section shall have the right to enter the land pursuant to the specifications given in the notice. If a landowner acknowledges receipt of the notice within fourteen days of receipt, such landowner has the right to modify the time and other provisions of the surveyor's access, as long as such modifications do not unreasonably restrict completion of the survey.

(4) All persons described in subsection (2) of this section who enter land pursuant to and for a purpose described in this section shall carry upon their person at all times during entry and stay upon the land sufficient identification to identify themselves and their employer or principal, and shall present such identification upon request.

(5) Persons described in subsection (2) of this section shall be liable for actual damages caused during entry and stay upon a landowner's land. No professional land surveyor or person under such surveyor's direct supervision shall have a civil cause of action against a landowner or lessee for personal injury or property damage incurred while on the land for purposes consistent with those described in subsection (2) of this section, except when such damages and injury were willfully or deliberately caused by the landowner.

We are what we repeatedly do. Excellence, then, is not an act, but a habit.
