**Affirmation**

We hereby affirm that the results presented in this report are accurate to the best of our knowledge.

\*Ballot 5-17-0139 was originally pulled and entered instead of ballot 5-17-0045 because both ballots had the imprint 5-17-0045 on opposite sides of the ballot. Both ballots were scanned twice as the result of being rejected the first time. After the error was detected, the audit board inspected and verified the correct ballot.

# Boulder County 2018 Primary Election

## Reconciliation Report

June 26, 2018

### OVERVIEW

The purpose of the canvass is to account for every ballot cast and ensure that every valid vote cast is included in the election totals. This involves accounting for every mail ballot, every in-person ballot, every provisional ballot, every challenged ballot, and every military and overseas ballot (UOCAVA). As outlined in Colorado Revised Statutes, Title 1, Rule 1-10-101.5 Duties of the canvass board:

- 1) The canvass board shall:
  - (a) Reconcile the ballots cast in an election to confirm that the number of ballots counted in that election does not exceed the number of ballots cast in that election;
  - (b) Reconcile the ballots cast in each precinct in the county to confirm that the number of ballots cast does not exceed the number of registered electors in the precinct; and
  - (c) Certify the abstract of votes cast in any election and transmit the certification to the secretary of state. A majority of canvass board members' signatures shall be sufficient to certify the abstract of votes cast in any election. When unable to certify the abstract of votes by the majority of the board for any reason, the canvass board shall transmit the noncertified abstract of votes to the secretary of state along with a written report detailing the reason for noncertification.

The Canvass Board's duties regarding reconciliation are included in Election Rules [8 CCR 1505-1], Rule 10.3.2(a):

- (a) Conduct the canvass in accordance with section 1-10-101.5, C.R.S, including:
  - (d) Account and balance the election and certify the official abstract of votes;
  - (e) Reconcile the number of ballots counted to the number of ballots cast; and
  - (f) Reconcile the number of ballots cast to the number of voters who voted by reviewing the reconciled detailed ballot logs and Statement of Ballots.

In order to reconcile the election, we track both issued ballots and voted ballots as they pass through the election process. This report will present summary data regarding the overall election, a detailed accounting of ballots on a precinct-by-precinct basis, and the processes that provide the evidence to allow the Canvass Board to fulfill its statutory duty. The reconciliation process primarily focuses on the distribution and reception of ballots through the assignment of voter credit.

An overview of the election process is illustrated in Figure 1:

Figure 1

## BALLOTS DISTRIBUTED

Ballots are sent to all active eligible voters; eligible voters are a subset of registered voters that are active, reside in one of the jurisdictions on the ballot, and are 18 years old or older on Election Day. Figure 2 is an overview of the process of mailing ballots.

Figure 2

The Boulder County Elections Division uses a printing and mailing vendor for the majority of the mail ballots sent. Ballot images and addressing information are provided to the vendor several weeks before ballots are to be mailed. During the interim weeks between when this information is initially transmitted to the vendor and the mail drop date, we receive and process numerous voter registration changes. Some of these changes result in voiding ballots that have already been printed by the vendor but have not yet been mailed. As outlined in Election Rules [8 CCR 1505-1], Rule 7.2.4(a)(1) and 7.2.4(a)(2), we work with the vendor to find and secure these voided ballots so that they do not enter the mail stream. For this election, voids were pulled twice, securing 1,708 voided ballots. In addition, 347 ballots were pulled for the purposes of hand-delivery to Health Care Facilities (HCFs) and 470 ballots were pulled to perform Boulder County’s Logic and Accuracy Test (LAT). There were 17 ballots initially sent to the vendor for printing that they could not fulfill and subsequently we printed them in-house in order to meet the mail deadline. Figure 3 provides information regarding the ballot batches that were sent to the vendor for printing and the ballots that were returned, the sum of which is the net number of ballots that were expected to be mailed. Figure 3 also shows a summary of the ballots that were actually mailed based on postal receipts provided by the vendor. Based on these numbers, the ballots reported as mailed by the vendor match our expected-to-be-mailed counts.

Figure 3

The majority of our mail ballots were printed and mailed through our vendor. However, if a voter registers or changes their registration after we have sent the last order to the vendor, that voter's ballot is printed in-house and taken directly to the local USPS facility to be mailed. This process continues until the statutory deadline of 8 days prior to the election. After such date, late registrants must visit a Voter Service and Polling Center (VSPC) to request a ballot. If a change to a voter's record is made after the mail deadline, they are subsequently contacted through various means (postcard, email, and phone call) to let them know they would need to visit a VSPC in order to vote their ballot. For this election, we processed 162 in-house mail ballots and there were 783 voters that made changes to their voter record after the mail cut off.

Appendix 1 provides a precinct-by-precinct accounting of all ballots printed by the vendor, ballots printed in-house, ballots voided, ballots generated after the last mailing day, and ballots that were processed in a VSPC. Furthermore, Appendix 1 reconciles the number of active voters in Boulder County as of Election Day to the number of active ballots in order to ensure that every voter had an active ballot. Any differences are researched and are most commonly attributed to a voter moving to another precinct or county but returning the ballot they were issued while at their previous address. If this situation happens within Boulder County, it will show a discrepancy at the precinct level but

will net to zero (meaning we can still reconcile an active voter to an active ballot at the county level). If a voter moves to Boulder County from another county and returns the ballot they were issued from the previous county it will show an overall discrepancy and would appear as if we have an active voter with no active ballot. Election Rules [8 CCR 1505-1], Rule 7.2.4(a)(2)(b) states that “the county must count the first ballot returned by the elector in accordance with section 1-7.5-107(6), C.R.S.”. Therefore, since a voter may not have two active ballots, the new ballot is voided, leaving a discrepancy. There are numerous situations that occur with voter records that can lead to additional differences and are explained in the Explanation of Differences at the bottom of Appendix 1.

**BALLOTS RECEIVED (ACCEPTED OR REJECTED)**

Mail ballots are received in several ways: (1) the Post Office, (2) secure 24-hour ballot drop boxes, (3) drop-off ballot boxes located at Voter Service and Polling Centers, and (4) drive-by drop-off locations. These ballots are validated by election judges, accepted or rejected, and recorded accordingly in SCORE. Voted paper ballots from Voter Service and Polling Center (VSPC) locations arrive in separate ballot boxes from the mail-in ballots. Because vote credit was already recorded in SCORE and their ID was verified at the VSPC locations, these ballots go directly to scanning, adjudication, and tallying after being batched. Figure 4 illustrates the process by which ballots are received and counted.

Figure 4

Determining whether a ballot is accepted or rejected is based on several factors. For example, it may be rejected because the signature on the ballot envelope does not match the voter registration record, the envelope may be missing a signature, or the returned ballot may be missing a required ID. Letters are sent to these voters allowing them to “cure” their ballot envelope by returning a signed affidavit with a copy of their ID (due by the 8<sup>th</sup> day after the election). Only the ballots associated with accepted envelopes proceed through the process to scanning, adjudication, and tallying; there were 827 rejected ballots and the breakdown of these numbers are summarized in Figure 5 (these numbers can also be found in the SCORE BP-012B - Mail Ballot Reconciliation Report).

Figure 5

Appendix 2 provides a precinct-by-precinct accounting of eligible voters, ballots received, and ballots counted. In order to fulfill the statutory requirement of Election Rules [8 CCR 1505-1], Rule 10.3.2(a), Appendix 2 includes four sections: Eligible Voters, SCORE Voter Credit and Ballots Cast, Dominion Ballots, and a Reconciliation section. The Eligible Voters section includes both active and inactive voters, providing the total number of registered electors. On the received side (SCORE Voter Credit and Ballots Cast), is the number of ballots accepted in SCORE for both Mail-In and In-Person voters and the number of rejected ballots; the sum of these three categories provides the number of ballots cast. On the counted side (Dominion Ballots), is a column that accounts for the number of ballots counted by the tabulation system (Dominion). The Reconciliation section provides the information to fulfill the statutory requirements and assist with the duties of the canvass board. Based on these numbers, we can confirm that the number of ballots counted (85,351) in this election does not exceed the number of ballots cast (86,182) in this election. We can also confirm that the number of ballots cast in each precinct in the county does not exceed the number of registered electors in the precinct. We have also reconciled the number of ballots counted to the number of ballots cast. At the county level, we have a difference of 4 (4 uncounted ballots). Of these 4, 1 is due to a Broomfield County ballot found in a Boulder County envelope after extraction so vote credit could not be removed and the remaining 3 were due to envelopes that contained incorrect party ballots found after extraction so vote credit could not be removed.

## STATUTORY REQUIREMENT FULFILLED

Based on the research performed during this canvass and reported herein, it has been determined that the requirements of the Colorado Revised Statute 1-10-101 have been met. The number of votes counted is equal to or less than the number of ballots cast (accepted plus rejected ballots) and the number of ballots cast is equal to or less than the number of registered voters. For this election, these numbers are as follows:

<b>Votes Counted:</b>	<b>85,351</b>
<b>Ballots Cast:</b>	<b>86,185</b>
Active Voters:	202,287
Inactive Voters:	33,890
<b>Registered Electors:</b>	<b>236,177</b>

Figure 12

The Active Voters number above includes 528 confidential voters and the Inactive Voters number includes 47 confidential voters. Confidential voters will not be identified in any publicly available reports.

Ballots Cast includes ballots that are ultimately not counted for various reasons. The most common reasons include: the voter failed to sign the ballot envelope, the voter failed to provide ID when required, or the voter's signature did not match the reference signature on file. Voters have until 11:59 p.m. on the 8<sup>th</sup> day following Election Day to rectify these issues. However, not every voter does so in this timeframe. If they do not, their cast ballot is not counted.

*\* All voter registration numbers reported herein are as of Election Day and do not include Active voters under 18.*

Explanation of Differences	
Voters now registered in Boulder County but have ballots that were received by other counties	14
Voter registration updates on Election Day voided original ballots but no new ballots were prepared	3
Registration status changes made after a voters ballot was validated	-5

Note: Precinct-to-Precinct differences in the "Differences" column above can be explained as follows:

By Colorado law, the first ballot back from a voter is the ballot that must be counted. If the voter has changed their registration to a different county from the ballot that they returned, their returned ballot is duplicated onto a ballot reflecting their new residence, and only the common contests voted are counted (*when eligible contests (ballot styles) are different*).

**Note:** Precinct-to-Precinct differences in the "Differences" column above can be explained as follows:

By Colorado law, the first ballot back from a voter is the ballot that must be counted. If the voter has changed their registration to a different county from the ballot that they returned, their returned ballot is duplicated onto a ballot reflecting their new residence, and only the common contests voted are counted (*when eligible contests (ballot styles) are different*).

An example of this can be seen in precincts 851 and 830. A couple of voters moved to precinct 830 but returned their 851 ballot. The 851 ballot was duplicated on to a 830 ballot before being scanned, but the accepted ballot in SCORE is reflected as the 851 ballot. Therefore, SCORE voter credit is showing 2 higher for 851 than Dominion and Dominion is showing 2 higher for 830 than SCORE.

Additionally, there will be a differences related to the provisional ballots counted because no SCORE voter credit is given until the election is closed.

**RE: Certification of 2018 Primary Election**

The duly appointed members of the 2018 Primary Election Canvass Board for Boulder County have completed the duties required, as detailed in 8 CCR 1505-1 Rule 10.2, 10.3 and 10.4.

And, in accordance with C.R.S. 1-10-101.5(c), we, the undersigned members of Canvass Board, do hereby certify that the number of ballots counted in the June 26 Primary Election do not exceed the number of ballots cast in this election, as shown in the attached Statement of Vote.

We further certify that the attached Statement of Vote is a true and accurate listing of the results for the 2018 Primary Election held in Boulder County on Tuesday, June 26, 2018.
