

TRIP TRACKERS

DRAW YOUR SAFEST ROUTE TO & FROM SCHOOL

With a bright marker or highlighter please draw:

- The side of the road/ path you should take.
- Where you'll go through parks &/or fields.

Follow your route every time so loved ones know where you are and could find you.

5 One-Way Trip Tracker Trips = 1 Tracker Buck

TRIP TRACKER (TT) PARTICIPATION BENEFITS

Fewer cars pulling up to school property can lead to:

- Increased safety for pedestrians & drivers
- Increased physical activity
- Stress relief from extra physical activity
- Less time in car traffic lines
- Less car emissions/greenhouse gases
- Can earn Tracker Bucks!

WHY WAS THIS MAP MADE

The Trip Tracker Program goal is to reduce the

number of cars driving students & staff all the way to/from school by encouraging & rewarding other

travel methods, when possible. As a participating

Trip Tracker School, we cannot encourage others

to take alternative (green) travel methods to/from

school if it is not clear how & where you can do that.

This map allows for different modes of travel to be

identified.

WHO HELPED CREATE THIS MAP

A team of local experts & community members

helped in the creation of this map and was made up

of the following possible members:

- School Principal/Assistant Principal
- School PTO/PTA Board Member(s)
- Trip Tracker Parent Volunteer(s)
- Trip Tracker Program Manager
- SVSD Wellness Coordinator
- SVSD Transportation Planner
- Local Transportation/Traffic Engineer
- Local Police/Sheriff Officer
- Other Transportation Experts
- Other Parent Representatives
- Other Community Members

This map is for illustrative purposes only & the features depicted on it are approximate. More site specific studies may be required to draw accurate conclusions. TRIP TRACKER GREEN TRIP TYPES-REWARDED

- Walk
- Bike
- Bus (School or Local)
- Carpool
- Skate/Scoot
- Drive & Park/Drop-Off/Pick Up outside of the map's
- red dotted line (flip over to see)

VERSUS

- Driving all the way to the school's property (does not count towards Tracker Buck Rewards)

5 one way Green Trips = 1 Tracker Buck = 1 Dollar.

1 Bonus Tracker Buck if 80+% of Green Trips = Active.

Track & Report monthly trips, September – April.

Spend Tracker Bucks at locally-owned TT Businesses.

TRAVEL SAFETY TIPS

- Car(pool): Wear seat belts, in front & back seats.
- Car(pool): NO driver texts, limit distractions.
- Bus/Van: Stand back to wait.
- Bus/Van: Sit quickly, talk quietly, follow rules.
- Bus/Van: Only cross in front, never behind.
- Bike/Skate/Scoot: Wear a helmet that fits.
- Bike/Skate/Scoot with traffic, not facing it.
- Bike/Skate/Scoot: pass on the left & announce to/alert others before you pass them.
- Bike/Skate/Scoot using proper hand signals – be predictable to others.
- Walk against traffic, if there is no sidewalk.
- Walk with traffic, if there is a sidewalk.
- Always look LEFT, RIGHT, BACK, LEFT before crossing streets and cross at intersections, not mid-block and not in-between parked cars.

- Based on depth perception brain development, age 10+ is when it's generally safe to let youth walk/bike/skate/scoot alone, especially if they have practiced with adults first. Families decide when more independent travel for youth starts.
