

Developmental Evaluation

Dear family,

Your child's growth is more than just physical. You can see their development by how they play, learn, speak, behave and move. You play a very important role in supporting your child's development.

Based on today's screening we recommend further evaluation of your child's development. Evaluations are available at no cost to you. We know that all children develop differently and some children need a boost or support to help them along the way. Together, we can make sure your child's development is on track.

Getting Support

The programs listed below can provide further evaluation at no cost to you. The evaluation will give a clearer picture of your child's development and identify additional help that might be needed. The evaluation will also determine if your child is eligible for the extra support provided by these agencies and will provide information about other resources and supports for your family.

What to Expect

You will be asked to bring your child to the office and meet with two or more people who are experts with children. They will ask you questions about your child, talk to him or her, and see how he or she talks and plays with toys.

Children 0 – 3rd birthday: We will send your information to the Early Intervention Colorado program at the office checked below. They will contact you to schedule an appointment. Please call them if you haven't heard from them in 3 days.
