### Latex/Nitrile Gloves

Wear gloves when it's likely that contact with potentially infectious illnesses, such as COVID-19, potentially contaminated skin, contaminated clothing, or contaminated equipment could occur.

**Note:** Gloves are not a substitute for hand hygiene. Wash hands before and after use, and change gloves after each use.

How to remove gloves properly: <https://www.cdc.gov/vhf/ebola/pdf/poster-how-to-remove-gloves.pdf>

## Retail Glove Suppliers

There seems to be several retail vendors selling latex/nitrile gloves online. Try a Google search for “latex or nitrile gloves.” You may also want to check wholesale suppliers, pharmacies, restaurant supply, office supply and hardware stores for these.
