

# RESTORATIVE JUSTICE VOLUNTEER OPPORTUNITIES

The Boulder District Attorney's Center for Prevention and Restorative Justice offers volunteer opportunities in:

## **Restorative Justice Facilitation**

Our annual 25-hour training prepares you to facilitate RJ processes and includes RJ principles and practices, how an RJ process works, valuable facilitation skills, and lots of practice!

## **Community Member Representation**

In this quarterly 4-hr training you will learn how to participate as a community member in Restorative Justice Conferences to help those who committed crimes understand the impact of their actions on victims and the greater community.

---

Our team is always growing and we would love to hear from you regarding your interest in Restorative Justice.

---

We particularly need volunteers who are bilingual, people of color, young people, or who identify as male. All are welcome to apply!

For more information please contact:
