

SAFER AT HOME Gathering Requirements

for 18-22-year-old individuals when in the City of Boulder

Anyone who is 18 through 22 years old should follow these requirements when in the City of Boulder, per Public Health Order 2020-8. Additional details are available at: boco.org/covid19GatheringsOrder. Metric status is available at: boco.org/covid19metrics.

Gathering Allowances in City of Boulder

	Level A	Level B	Level C	Level D
Personal Social Gathering Size for Ages 18-22 Years	6 people*	4 people*	2 people*	None (only two people allowed to go for essential errands for a safety concern)
Dining for ages 18 to 22	6 people*	4 people*	2 people*	No in-person dining
Other regulated gatherings and CU-sponsored events / gatherings	Requirements in line with the rest of Boulder County (up to Safer at Home Level 2)	2 people*	2 people*	None

*Face coverings and social distancing always required

Metrics

	Baseline	Level A	Level B	Level C	Level D
14-day average of new cases per 100,000 among individuals age 18 through 22 in the County of Boulder	< 250	250 - 749	750 - 1499	1500 - 1999	≥ 2000
14-day average positivity rate for individuals age 18 through 22	< 5%	< 5%	< 10%	< 15%	≥ 15%
Testing among CU students	Rates consistent with broader population	Consistent testing with significant representation among off-campus students and compliance with testing requests from CU			Inconsistent testing

Movement to ease restrictions on gatherings will be based on a 14-day positivity rate and 14-day cases per 100,000. Movement to more restrictive levels will be based on a 5-day positivity rate and 5-day cases-per-100,000 metrics.
