### 3. BUDGET NARRATIVE

Instructions for the Budget Narrative:

- The budget narrative should use the same category subheadings (e.g., Personnel, Supplies, Operating, etc.). Explain your basis for prorating and calculating where applicable i.e. salary \$15,000/year x 50% full-time employee x 12 months = \$7,500.
- The budget narrative should contain the criteria used to compute budget figures. All budget figures should be justified and explained clearly so as to be easily understood. The budget narrative should show the relationship between category amount and proposed project operations i.e., why the item is needed to do the project. Please be sure that the budget figures in the narrative and those on the budget form are the same.
- Personnel: Explain how the salary and benefits for each position was determined.
- Supplies and Operating: Explain how the costs were determined and justify the need for the various line items. Items that can be purchased for less than \$1,000 are included in this category rather than in the equipment category.
- Equipment: Items over \$1,000 and a useful life of over one year. Items requested should show a clear link to the project. Documenting unsuccessful attempts to obtain items elsewhere may help demonstrate your need for the equipment. Software needs to be included in Supplies and Operating category.
  - Explain why the proposed equipment is essential to meeting the goals and objectives. Provide justification that purchase is more reasonable than rental or leasing of the equipment.
- Consultant/Professional Services (Contracts): Explain why proposed services cannot be provided by project staff.

### 4. FULL PROGRAM BUDGET (Non-Profits Only)

- Please attach a program budget for victim services, which includes revenues and expenses. Limit two pages.
- Your own existing format is acceptable.
