**INTRODUCTION**

The county assessor is responsible for discovering, listing, classifying, and valuing all property in the county in accordance with state laws. Property is classified by the assessor according to its actual use on January 1 of each year. The property's classification determines the rate at which the property will be assessed.

**HOUSE BILL 11-1042**

Amends the definition of “residential land” to include “land upon which residential improvements were destroyed by natural causes after the date of the last assessment as established in § 39-1-104(10.2), C.R.S.”

Additionally, the bill specifies as of January 1, 2010 the residential land classification shall remain in place for the year of destruction and two subsequent years if the assessor determines there is evidence that the owner intends to rebuild or locate a residence on the land.

**HOUSE BILL 14-1001**

Property taxes on real or personal property listed on a single schedule that was destroyed by natural causes shall be subject to a reimbursement from the state. The assessor removes the value of the destroyed improvements from the date of destruction to the end of the year. The state reimburses the county for any remaining tax liability for the improvements that were destroyed (and land if applicable) from January 1 to the date of destruction. For the year of destruction the property owner’s only tax liability is for the land.

**SENATE BILL 16-012**

Grants the assessor the authority to extend the residential land classification to a landowner if good faith efforts are being made to reconstruct residential improvements that were destroyed by a natural cause.

**STATUTORY DEFINITION**

Section 39-1-102 (8.4), C.R.S., “Natural Cause” means fire, explosion, flood, tornado, action of the elements, act of war or terror or similar cause beyond the control of and not caused by the party holding title to the property destroyed.

**STATUTORY REFERENCES**

Section 39-1-102 (14.4)(a), C.R.S., “Residential land” includes land which residential improvements were destroyed by a natural cause after the date of the last assessment.

Section 39-1-102 (14.4)(b), C.R.S., when residential improvements are destroyed, demolished or relocated as a result of a natural cause on or after January 1, 2010, that if it wasn’t for their destruction, demolition, or relocation, would have qualified as residential the following property tax year. However, the residential classification shall remain in place for the year of destruction, demolition, or relocation and the two subsequent property tax years. The residential classification may remain in place for additional subsequent property tax years, not to exceed a total of five subsequent property tax years, if the assessor determines there is evidence that the owner intends to rebuild or locate a residential improvement on the land.

**RESIDENTIAL LAND CLASSIFICATION AFTER DESTRUCTION BY NATURAL CAUSES**

- Section 39-1-102 (14.4)(b)(ii) states the residential land classification shall change according to current use if: (A) a new residential improvement is not constructed unless the owner provides documentation that a good faith effort was made to construct the improvement, but more time is necessary, (B) the assessor determines the classification at the time of the destruction was erroneous, or (C) a change in use has occurred.

**REIMBURSEMENT PROCESS**

Real or business personal property listed on a single schedule may be eligible for property tax reimbursement from the state if the property was destroyed by natural causes, § 39-1-123, C.R.S.

**ASSessor’s ROLE**

- Determines real and or business personal property destroyed by natural causes
- Prorate the real property – do not count the day of destruction as a taxable day
- Damaged property does not meet the statutory guidelines for proration
- Land is typically not destroyed
- All items on a single Personal Property schedule must be destroyed to meet the guidelines for reimbursement
- Personal Property is not prorated

**APPROVAL PROCESS**

Assessor compiles a report of destroyed properties that is delivered to the county treasurer on or before December 15th.

The real property report contains the following:
- Legal description
- Schedule or parcel number
- Name of real property owner
- Description of the real property
- Date of destruction
- Prorated property taxes

For business personal property on a single schedule the report contains the following:
- Schedule or identifying number
- Name of the taxpayer or lessee
- Property taxes due for the year

**COUNTY TREASURER’S ROLE**

Treasurer will verify the property tax that is eligible for reimbursement within 30 days of receiving the report from the assessor.

As soon as practicable after the treasurer verifies the report the treasurer will send the report to the state treasurer.
